

**School of Development Studies
Overseas Development Group**

Postdoctoral Fellowship (Ref: RA440)

**QUEST_Fish - Economics of climate change
Vulnerability and adaptation in global fisheries**

£27,466 to £32,796 per annum

Are you an economist with interests in natural resources and environment? We need you to investigate the potential impact of climate change on global fisheries. You should have a PhD or equivalent research experience, skills in quantitative analysis of secondary data, interests in international development issues and in conducting interdisciplinary, policy-relevant research. The successful applicant will be based at the WorldFish Center headquarters in Penang, Malaysia.

The appointment is to UEA's School of Development Studies <http://www.uea.ac.uk/dev/> for a fixed term of 15 months, funded by the NERC Quest programme <http://www.nerc.ac.uk/research/programmes/quest/>, but will be co-funded by the WorldFish Center <http://www.worldfishcenter.org> who will offer the successful candidate a WorldFish contract for a further 15 months on cessation of the UEA contract.

For further details of the QUEST_Fish project see <http://web.pml.ac.uk/quest-fish/>

The post is available immediately and the postholder must commence not later than end February 2008.

Closing date: 5pm on 31 October 2007.

Interviews will take place either on 26 or 28 November 2007.

Further particulars and an application form can be obtained from the University's web page at: <http://www.uea.ac.uk/hr/jobs/> or by e-mail at: hr@uea.ac.uk or by calling the answerphone on 01603 593493 or by mail to the Human Resources Division, University of East Anglia, Norwich NR4 7TJ.
